

# MONTAUK, NY

## *Favorites*

## *Notes*

### **South Edison**

My favorite restaurant in Montauk - a good balance of trendy and easygoing. Must have the tuna tostadas!

### **The Grey Lady**

Great for happy hour with friends and a clam bake on the weekends in the marina.

### **Hooked**

A lovely, relatively new place in town to pick up the freshest salads and lobster rolls!

### **John's Drive-In**

You'll find most locals at this friendly spot, joining a packed house of ice cream and burger lovers.

### **Montauk Brewing Company**

Easy breezy brewery serving a seasonal selection and a great beer tasting in the intimate tap room.

### **Montauk Point Lighthouse**

Built in 1796, this is the oldest lighthouse in New York State. Climb up top for surround sound views of the Atlantic Ocean.

### **Montauk Farmer's Market**

In the summers, the market gathers on the green on Thursdays. You get a little bit of everything from local greens to wines, flowers, and tremendous pies.
